

IMPORTANT SAFETY WARNINGS AND INSTRUCTIONS READ PRIOR TO USING GALCO PRODUCTS

▲ DANGER

Firearms users must understand and obey the Rules of Firearms Safety:

1. All firearms are always loaded.
2. Never let the muzzle cover anything you're not willing to destroy.
3. Keep your finger off the trigger until your sights are on target.
4. Be sure of your target and what's beyond.

▲ WARNING Failure to heed these warnings or follow the operating instructions may result in negligent discharge of a firearm, causing serious injury or death.

Read and understand all owner's manuals, instructions, and guides prepared by the manufacturer of your firearm prior to use.

Galco holsters are designed to carry specific firearms.

▲ WARNING Before use, be sure the holster selected is designed and intended to carry your particular firearm.

If you have any questions about correct fit, contact Galco Customer Service at 800-874-2526 or customerservice@galcofirearm.com. You may also visit GalcoUSA.com and use our online "shop by gun" feature.

▲ WARNING Carrying a firearm in an ill-fitting or improper holster can result in serious injury or death. The purchase and use of a Galco holster is at the sole and exclusive risk of the user.

READ AND UNDERSTAND THIS ENTIRE GUIDE PRIOR TO USING THIS PRODUCT

Firearms are inherently dangerous. Improper or careless use of a firearm or firearm and holster may result in serious injury or death. It is the user's responsibility to possess a thorough knowledge of, and be properly trained in, all aspects of firearm use, including holster use and safety.

▲ WARNING Do not place a loaded firearm in a holster without first testing – with a firearm double-checked and verified to be unloaded – for a proper firearm fit.

Carry the firearm in the safe condition recommended by its manufacturer. This information will be contained in the product information manual provided by the firearm manufacturer. If you do not have the manual applicable to the firearm, contact the firearm's manufacturer.

Always ensure the firearm is fully seated in the holster, and that it activates all automatic or manual retention devices (when provided). Retention devices must be used when provided.

▲ WARNING If the firearm is not properly secured by means of friction or the retention device(s), it could become dislodged, causing injury and possibly death to the user and others.

▲ WARNING Never holster a firearm in the single-action mode, unless it is a semi-automatic pistol and holster designed and intended for "cocked and locked" or "Condition One" carry.

▲ WARNING Always ensure that a single-action pistol carried in "Condition One" has the manual safety engaged when carrying in a holster.

▲ WARNING Do not attempt to cock a holstered firearm as this may damage the firearm, the holster, or both, and may contribute to a negligent discharge.

▲ WARNING Always protect an exposed magazine release from accidental activation.

▲ WARNING When drawing a firearm from the holster, DO NOT place your finger on the trigger, in the trigger guard, or near the trigger. Position your finger along the frame of the firearm, above the trigger guard. Keep your finger off the trigger until your sights are on target.

▲ WARNING A significant number of negligent discharges - some resulting in injury or death - occur while holstering a firearm. Most are caused by the user's index finger pressing the trigger. Some are caused because a foreign object becomes entangled or trapped in the trigger guard/holster and presses the trigger. The safest practice is to "look the firearm into the holster." This should be done methodically and without rushing. While holstering, be fully cognizant that:

1. All safeties are engaged.
2. Your index finger is straight along the firearm's frame. DO NOT place your finger on the trigger, in the trigger guard, or near the trigger. Keep your finger off the trigger until your sights are on target.
3. No articles of clothing (shirt tails, jacket drawstrings, etc.) become trapped in the trigger guard, holster, or between the firearm and holster.
4. Your shooting-hand thumb is placed over the hammer or the rear of the slide. This will enable you to feel if the hammer starts to move rearward or the slide begins to come out of battery.
5. You strictly observe Rule of Firearms Safety #2: never let the muzzle cover anything you're not willing to destroy. If you do not know how to holster your firearm without breaking this rule, you should seek training before holstering your firearm while the holster is worn.
6. If for any reason you are unable to "look the firearm into the holster" and not muzzle yourself or others, you should remove the holster from your body, then "look the firearm into the holster" (without breaking Rule #2). After the firearm is securely seated in the holster, attach the holster to your body/clothing in the manner in which it was designed.
7. If you holster your firearm while the holster is off and in your hand, insure you do NOT point the firearm at your support hand. Do not place your support hand (or other body parts) at the bottom of the holster. The holster material is not bullet proof. Neither your support hand, other body parts, nor other people should be muzzled/flagged while holstering.

▲ WARNING If a firearm falls out of its holster, it may fire, causing death or serious injury.

Always place your hand on the firearm and holster when running or performing other physically vigorous activities.

It is the user's responsibility to maintain the holster by regularly checking component parts for excessive wear and proper function. This includes, but is not limited to, tension units, snap closures and retention devices.

Checking tension units each time the holster is used is required as part of your regular safety inspection. Applying a small amount of clear nail polish to the threads of the tension units, after proper adjustment, will help minimize screw loosening.

▲ WARNING Do not use customized, modified, worn or broken firearms, or those otherwise outside the original manufacturer's specifications, in a Galco holster.

Do not in any way modify, disassemble, or remove any part from this holster, except as approved and recommended in Galco's Product Information Guide.

Do not rely on any holster being "snatch proof" regardless of the number of retention devices it may feature. Rely only on proper training and situational awareness.

CARRY CONDITION OF THE FIREARM

▲ WARNING Some single-action revolvers and some semi-automatic pistols must be carried with the hammer or firing pin resting on an empty chamber.

Carrying any firearm with a live cartridge in the chamber immediately in front of the firing pin may cause a negligent discharge. Holsters are NOT designed to prevent firearms discharge if dropped. Information regarding the safe carry condition of your firearm will be contained in the product information manual provided by the firearm's manufacturer. If you are unsure of the safe carry condition(s) of your firearm, contact the firearm's manufacturer.

▲ WARNING Galco holsters which have a retention strap with reinforced thumb break intended for single-action pistols (such as the 1911) are designed for "hammer down, empty chamber" carry, unless otherwise specified. Galco holsters without retention strap with reinforced thumb break ("open top") are designed to carry single-action pistols in all safe conditions of carry as specified by the firearm manufacturer.

IF ANY DOUBT EXISTS AS TO THE SERVICEABILITY OR SAFETY OF A GALCO PRODUCT, IMMEDIATELY CEASE USING IT

If you have questions, contact:

Galco Customer Service at 800-874-2526 or customerservice@galcofirearm.com.

Galco has made every effort to properly label all holsters for the specific firearms they fit. However, firearms manufacturers often make changes to their firearms that affect holster fit.

Galco will not be responsible for such changes, nor for typographical or other human errors that may occur. It is the user's responsibility to ensure proper holster fit with actual firearms.

It is important to understand that all products, including firearms and holsters, may eventually "wear out" or become unsuitable for the function for which they were designed. Stress and strain placed on a product will vary according to frequency and conditions of use, and therefore it is difficult to indicate a recommended replacement date for this product.

INSPECTIONS / MAINTENANCE, ADDITIONAL USER RESPONSIBILITIES

NOTICE It is the user's responsibility to ensure that the item remains serviceable and safe, and able to continue service within its design intent.

▲ WARNING It is the user's responsibility to inspect the holster before and after each use for signs of excessive wear or loss of retention capability, and appropriate tightness of all hardware.

PRODUCT IDENTIFICATION

Galco products are generally identified with a two-part code stamped into the holster body or label affixed to the item.

An alphabetical or alphanumeric prefix identifies the holster model. For example, the FLETCH model's prefix is FL while the Royal Guard's prefix is RG.

The numerical suffix identifies the particular firearm the holster is intended to fit. For example, the 212 suffix indicates a 5" 1911 while the 224 suffix indicates a Glock 17. The letter "B" or "H" at the end of the code indicates color. B is for black, H for havana brown, while no letter generally indicates tan.

Thus, an FL212 (FL + 212 + no letter) will be a tan FLETCH to fit a 5" 1911, while an RG224B (RG + 224 + B) will be a black Royal Guard for a Glock 17.

Holsters intended for Galco's modular shoulder systems display letters and numbers that correspond to guns. A Miami Classic holster intended for a SIG P320, for example, will simply read 820. A VHS 3.0 holster intended for a Beretta 92FS will read V3-202.

The numerical suffix of holsters intended for right-hand or ambidextrous use will end in an even number. The suffix of holsters intended for left-hand use will end in an odd number.

You may use the "shop by gun" feature found at our website, GalcoUSA.com, to locate a holster fit. Simply enter the model number on the item (FL224B, for example) in the field. Should you have questions regarding the identification of the firearm intended for your Galco product, you may also contact Galco's customer service department at 800-874-2526 (during business hours) or by email at customerservice@galcofirearm.com.

▲ WARNING Some Galco holsters are approved for use with multiple firearms. Care must always be taken to ensure your holster is an appropriate and approved fit for your firearm. Never carry a firearm in any holster not specifically recommended by Galco for that firearm.

SAFETY SYMBOL DEFINITIONS

▲ DANGER

Indicates a hazardous situation which, if not avoided, will result in death or serious injury.

▲ WARNING

Indicates a hazardous situation which, if not avoided, could result in death or serious injury.

▲ CAUTION

Indicates a hazardous situation which, if not avoided, could result in minor or moderate injury.

NOTICE

Used to address practices unrelated to potential personal injury.

Visit GalcoUSA.com/videos to view related safety and product use videos.

THANK YOU FOR YOUR PURCHASE OF A GALCO PRODUCT! WE APPRECIATE YOUR BUSINESS.

HOLSTER HANDBAGS

Galco holster handbags offer the ultimate in style and concealment; hiding your firearm in plain sight! Each holster handbag features a self-contained side-entry holster compartment, which accommodates most small and large-frame defensive handguns. All Galco holsters handbags are constructed of full grain leather and have a lockable zipper pull for added security.

DEFENSE PLANNER

The Defense Planner™ is a handgun carrying case that allows you to carry a firearm concealed in what looks like a day planner. Made from full grain leather, the Defense Planner is padded to prevent “printing”. It features a lockable zipper pull and a removable wrist strap for security. The holster and magazine loop are elastic to accommodate handguns of varying sizes.

HIDDEN AGENDA

The Hidden Agenda™ is a handgun carrying case that is also a fully functional day planner. Made from full grain leather with a lockable zipper pull and a removable wrist strap. The separation of the holster compartment and business tools puts it on the self-defense agenda in settings that require complete discretion. The Hidden Agenda comes with a Day Runner calendar and a pad of ruled paper. Replacement calendar size is 8½” x 6”.

iDEFENSE

Made from full grain leather, the iDefense™ safely secures a medium or large defensive handgun (and magazine) with an elasticized nylon holster concealed within a lockable zippered compartment. The tablet is held in place outside the gun compartment on a sturdy backing plate that is fully adjustable for tablet size and angle.

The iDefense fits Kindle, Kindle Fire, Nexus, Galaxy Note 10, iPad Mini, iPad Air, iPads from first through fourth generation and similar tablets.

Galco’s Leather Cleaner and Conditioner is specially formulated to gently clean, condition, and preserve full grain leather. The special wax free formula removes surface dirt and provides water resistance. Do not use on suede, nubuck, or napped leathers.

Order online at GalcoUSA.com
by calling 800-874-2526, or at your local Galco Stocking dealer.

DO

▲ WARNING

Keep your finger off the trigger until your sights are on the target!!

NOTICE

Ensure that all screws are tightened snugly. Applying a small amount of clear nail polish to the threads will minimize screw back out.

Full grain leather holsters that come in contact with bodily perspiration, the elements, or become soiled on a regular basis may need to be treated periodically to slow the natural breakdown of the leather fibers. Dry the leather naturally, without any type of artificial heat. Use Galco Leather Lotion, which will replace the natural oils in the leather.

DON'T

▲ WARNING

Do not place a loaded firearm in a holster without first testing – with a firearm double-checked and verified to be unloaded – for proper firearm fit.

NOTICE

Do not store your firearm in a holster if the holster is damp from perspiration or in otherwise moist condition.

Do not use Loctite® or threadlock. Out-gassing from these adhesive compounds will adversely affect plastic, nylon and rubber holster parts.

Do not submerge or saturate your leather product in water or any other liquid or dry your leather product with heat from a dryer, oven, radiator, direct sunlight, etc.

Do not use products such as Neats Foot or Mink oil, as they will damage the leather. Additionally, do not use Galco Leather Lotion or other leather conditioners on Premium Center Cut Steerhide or synthetic materials.

Do not leave your Galco product on the dashboard of your car in summer, or leave it otherwise exposed to the elements.

CARE, MAINTENANCE AND STORAGE

NOTICE

The above care and maintenance instructions cannot substitute for your good common sense. Following our recommended care and maintenance tips, along with common sense, will allow you to get the maximum service life from your Galco products.

NOTICE

Dirt and grit trapped in your holster may harm your firearm’s finish. To clean your holster, especially after use in dusty conditions, simply wipe out the interior of the holster using a clean, damp cloth.

GALCO HOLSTER HANDBAGS

Enclosed holster compartment with entry through a lockable zipper, provides an additional level of access control.

Elastic holster pocket with Velcro safety strap, mounted on a reinforced panel in the back or center of the bag. Holds the handgun in the optimum position for carry, concealment and ease of draw.

iDEFENSE SET-UP AND USE

SMALL TABLETS/E-READERS

LARGE TABLETS

DRAWING FROM DAY PLANNER

Open the day planner and bring it against your chest. Raise your left elbow to avoid covering your arm with the firearm.

(see illustration a)

Grasp the firearm with the shooting hand and draw straight out of the holster.

(see illustration b)

Allow the day planner to drop and hang from the removable wrist strap or allow the planner to drop freely to the ground.

(see illustration c)

Grip the firearm with both hands using a proper shooting grip as taught by an accredited firearms safety and training course.

(see illustration c)

▲ WARNING

The trigger should not be touched and your finger should not enter the trigger guard until you are ready to fire at your intended target.

Open the day planner and brace it from underneath with your forearm. Be careful to keep your fingers clear of the muzzle of the firearm.

(see illustration d)

Grasp the firearm with the shooting hand and draw straight out of the holster.

(see illustration e)

Allow the day planner to drop and hang from the removable wrist strap or allow the planner to drop freely to the ground.

(see illustration e)

Grip the firearm with both hands using a proper shooting grip as taught by an accredited firearms safety and training course.

(see illustration f)

TESTING A NEW HOLSTER FOR HOLSTER AND HANDGUN FIT

Never place a loaded handgun in a holster without first testing in an unloaded condition (double-check to make sure the chamber is empty), for proper fit with the handgun. Galco holsters are designed to fit factory equipped handguns. The use of trigger shoes or grip adapters or any modifications to the handgun may cause improper holster fit and accidental discharge all Galco holsters are designed to function safely and are made for specific handguns.

▲ WARNING

Do not alter your Galco holster in any way, including any safety device incorporated in any Galco product to accommodate handguns or other equipment for which the Galco product was not designed or intended.

REPAIRS

Great care was taken to select the finest materials available to craft your Galco product. It was designed in accordance with the highest engineering standards and hand made using traditional leather craft practices that have become Galco hallmarks over five decades. In the unlikely event a repair is necessary to an unaltered Galco product, simply contact our Customer Service department at 800-874-2526 or customerservice@galcoGUNleather.com. We will issue you a Return Authorization (RA) number to print on the outside of your shipping container and provide you with detailed shipping instructions.

TERMS OF SALE

Because we have no control over the use of our products, all Galco products are sold as is and “with all faults”. The entire risk as to the quality and performance of the product is with the buyer. Should the product prove defective following its purchase, the buyer and not the manufacturer, distributor, or retailer assumes the entire risk of all the necessary servicing or repairs. Under no circumstances shall Galco be liable for incidental or consequential damages, such as loss of use of property, commercial loss and loss of earnings or profits. The implied warranties of merchantability and fitness for a particular purpose and all other warranties, expressed or implied, are excluded from this transaction and shall not apply to the product sold. The determination of the fitness or the suitability of any product for a specific use is the responsibility of the buyer. The illustrations shown herein are typical as to the finish and application. Due to uncontrollable variances in color saturation, the actual product may differ slightly from that shown on our web site. Galco reserves the right to make changes in product built and/or sold by them at any time without incurring any obligation to make same or similar changes on products previously manufactured and/or sold by them. All Galco products are made in the U.S.A. and produced according to rigid specifications. Prices and models are subject to change without notice. Some states do not allow the exclusion or limitation of implied warranties or liability for incidental or consequential damages, so the above limitations and exclusions may not apply to you. Galco designs, features, and model names are the exclusive property of Galco International. Any and all persons including, but not limited to, individuals, firms and/or corporations are forbidden from imitating, copying or reproducing them in any way.
